APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion of the waters of an underground source as heretofore granted under Permit 65457, which changed the point of diversion, manner of use and place of use of a portion under Permit 64768, which changed the point of diversion, manner of use and place of use of a portion under Permit 53922, which changed the point of diversion of water appropriated under claim of vested right as evidenced by Proof of Appropriation of Water 04883, is issued with the understanding that no other rights on the source will be affected by the change proposed herein.

The well shall be equipped with a 2-inch opening for measuring depth to water.

If the well is flowing, a valve must be installed and maintained to prevent waste.

A totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion an accurate measurements must be kept of water placed to beneficial use.

The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed.

The State reserves the right to regulate the use of the water under this proposed change at any and all times.

This permit is issued subject to any determination of the waters of an underground source that may be made under adjudication proceedings under NRS 533.090 through 533.320.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

Monthly records shall be kept of the amount of water pumped from this well and the records submitted to the State Engineer on a quarterly basis within 15 days after the end of each calendar quarter.

The total combined duty of water under Permits 69453, 69843, 69844 and 69845 shall not exceed 122 acre-feet annually.

The issuance of this permit expires Temporary Permit 68911-T.
(CONTINUED ON PAGE 3)
